INDEPENDENT AUDITORS' REPORT

To The Board of Commissioners
Burr Ridge Park District
Burr Ridge, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Burr Ridge Park District as of and for the year ended April 30, 2016, and related notes to the financial statements which collectively comprise the District's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management has chosen to present the financial information on the modified cash basis of accounting.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position-modified cash basis of the governmental activities, each major fund, and the aggregate remaining fund information of the Burr Ridge Park District, as of April 30, 2016, and the respective changes in financial position and cash flows, where applicable, thereof for the year ended in accordance with the basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

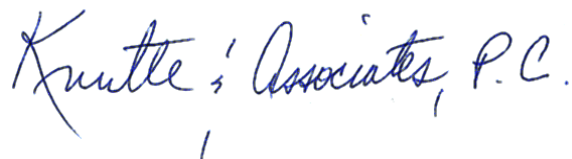

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion on pages 3 through 8 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The major fund budgetary comparison schedules and related supplemental schedules listed on the table of contents are not a required part of the basic financial statements, but are other information required by the Governmental Accounting Standards Board. The Other Information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ending April 30, 2016 and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Our audit was made for the purpose of forming an opinion on the financial statements that collectively comprise the Burr Ridge Park District's basic financial statements. The combining and individual fund financial schedules for the year ended April 30, 2016 listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The combining and individual fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended April 30, 2016 and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The supplementary information listed in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements of the Burr Ridge Park District. The information has not been audited by us and, accordingly, we express no opinion on such matters.

A handwritten signature in blue ink that reads "Knutle & Associates, P.C." with a small vertical line underneath the word "Associates".

Management's Discussion and Analysis

As management of the Burr Ridge Park District, we offer readers of the Burr Ridge Park District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended April 30, 2016. This summary is designed to assist the reader in focusing on significant financial issues, provide an overview of the District's financial activity, identify changes in financial position and identify any material changes from the approved budget.

The Management's Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued in June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Financial Highlights

- Ø As of April 30, 2016, the Burr Ridge Park District's combined fund balance of all governmental funds was \$2,247,101, an increase of \$38,376 in comparison with the prior year.
- Ø The District managed surpluses in the General, Recreation, and Special Recreation Funds of \$189,726.
- Ø Net capital expenditures for the fiscal year were \$160,244.
- Ø The Burr Ridge Park District's total net position increased by \$52,520. Ending net assets totaled \$10,822,008 which consists of an investment in capital assets of \$8,871,960, restrict net position of \$120,396 and unrestricted net position of \$1,829,652.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Burr Ridge Park District's basic financial statements. The information is organized into General Governmental Functions, Debt Administration, Risk Management, Capital Projects Fund and Capital Assets.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the Burr Ridge Park District finances, in a manner similar to a private-sector business. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The *Statement of Net Assets* presents information on all the Burr Ridge Park District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in the net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Activities* presents information showing how the Burr Ridge Park District's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., property taxes levied for general purposes).

Both government-wide financial statements distinguish governmental activities of the District that are principally supported by taxes and intergovernmental revenues, such as grants, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges.

The government-wide financial statements can be found on pages 9 - 10 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole, and therefore provide additional information that won't be found in the statement of net assets or the statement of activities. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with the fund statements providing a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information for governmental activities in the governmental-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Governmental Functions

The general financial condition of the District is very good with the majority of operating expenditures being funded solely from current revenues. All governmental funds, except Woods Pool, currently maintain surplus fund balances. The District operating funds have had operating surpluses since its inception in November 1977.

Revenues for the General Government and Recreation functions totaled \$2,501,686 in 2015-16. Property taxes produced 57.71 percent of total revenues compared to 60.33 percent in the prior year. Comparative data on revenue by functions presented below:

Burr Ridge Park District				
Revenue by Function	Amount	Percent of Total	Increase (Decrease) from prev. year	Percent of Increase (Decrease)
General Revenues				
Property Taxes	\$ 1,443,750	57.71%	\$ 18,940	1.33 %
Interest Income	5,270	0.21%	421	8.68 %
Other	33,727	1.35%	19,846	142.97 %
Total General Revenues	1,482,747	59.27%	39,207	2.72 %
Recreation Revenues				
Recreation Programs	1,016,989	40.65%	\$ 100,666	10.99 %
Grants and Donations	1,950	0.08%	50	2.63 %
Total Recreation Revenues	1,018,939	40.73%	100,716	10.97 %
Total Revenue	\$ 2,501,686	100.00%	139,923	5.92 %

Revenue by Function

The increase in overall revenues is due primarily to the amount of program registrations received in current year compared to the prior year. The district invests funds in Illinois Funds, and in local community banks investing funds in the community and in turn receiving sponsorship for park district programs and special events. The current year's interest on investments averaged between .13 and .40%. Through the Village of Burr Ridge Land/Cash Developer Donation Ordinance, the district receives donations on property being subdivided by developers in its corporate boundaries. At this time, most vacant land has been developed and/or economic conditions have prevented new construction which has almost eliminated the amount received compared to prior years.

Financial Analysis of the Government’s Funds

The District has been able to return revenue to operating funds due to excellent budgetary skills and conservative spending. Innovative programming for early childhood, after school enrichment programs, and increased participation in outdoor sport programs continues to increase revenue in the Recreation Fund. The Capital Improvements Fund decrease is in accordance with the budget funding capital projects.

Fund Balances categorized by fund type over the preceding year are as follows:

Fund	Amount	Percent of Total	Increase (Decrease) from Previous year	Percent of Increase (Decrease)
General	\$ 804,494	35.80%	\$ 33,480	87.24 %
Recreation	1,021,411	45.45%	157,154	409.51 %
Debt Service	16,569	0.74%	5,377	14.01 %
Capital Projects	419,354	18.66%	(156,727)	(408.40)%
Other Governmental Funds	(14,727)	-0.66%	(908)	(2.37)%
Total	\$ 2,247,101	100.00%	\$ 38,376	100.00 %

Debt Administration

A useful indicator of the District's debt position is the ratio of general obligation bonded debt to the District's total assessed valuation.

The amount of principal retired in FY 2015-2016 was \$180,000 and the amount of interest paid was \$121,985. Under current state statutes, the District's aggregate indebtedness cannot exceed the legal debt limit of 2.875% of the value of the taxable property within the District. As of April 30, 2016, the District's aggregate outstanding debt totaled \$3,610,000, well below the limit set by law.

Overall Financial Position / Results of Operations

The Burr Ridge Park District's overall financial position as of April 30, 2016 remains solid. All District fund balances are healthy with the total operating (without capital and debt service) balance of \$1,811,178 or 68% of the 2015-16 operating budget. As noted above, total district long-term debt is \$3,610,000. The average interest rate for the new funding issue is 3.75% scheduled to retire in 2032. The Bonds were rated “Aaa” by Moody’s Investor’s Service and the District has been assigned a rating of “A1”.

In May of 2012, the Burr Ridge Park District adopted the current Master Plan for Parks and Facilities for 2012-2018 which identifies the Park District’s courses of action for capital improvement projects over the next six years. In accordance with the plan, the District has completed the proposed projects and is in the process of preparing the next plan beginning with 2017. In FY 2016, the District made improvements to Whittaker Park and Woods Pool.

Economic Factors

Burr Ridge is an exclusive community with boundaries in both Du Page and Cook Counties. The Burr Ridge Park District receives the majority of its tax revenue from Du Page County and a portion from Cook County. As a newer community, the District has been able to look forward to new growth added to property tax roles. With the passage of the Illinois Property Tax Extension Limitation Act in 1991, local governments are limited to receiving tax extensions of the lesser of 5% or the CPI over the prior year.

Risk Management

The District is a member of the Park District Risk Management Agency (PDRMA), an intergovernmental risk management pool comprised of park districts, special recreation associations and forest preserve districts.

PDRMA was established in 1984 to jointly provide liability, property, and worker's compensation insurance to each of its members.

Over the years, the coverage structure has varied. Currently, PDRMA is totally self-insured for its general, automobile, and public official's liability and has a self-insured retention of \$100,000 for property and \$300,000 for workers' compensation. Claims, which exceed the self-insured retention for property and workers' compensation, become covered by the excess insurance carrier. Under the current coverage structure, the district's only potential exposure would be a \$1,000 deductible for any property damage incurred or a liability judgment in excess of \$16,500,000.

As a member of PDRMA, the district is required to establish a loss prevention program in accordance with the guidelines set forth by PDRMA. Annually, PDRMA reviews each member's loss prevention program and the members receive a rating. In 2014, the district received a rating of "Excellent - Level A" -- the highest possible rating. Staff will continue to strive to make the district as safe as possible for both the users and the employees.

Capital Assets

The capital assets of the District are those assets used in the performance of general governmental and recreational functions. The capital assets of the District amounted to \$12,114,868 as of April 30, 2016. This amount represents the original cost or estimated historical cost value of the assets adjusted by depreciation of the assets since their acquisition. The district maintains a reserve for a Capital Asset Replacement Program for future replacement or improvement. The total reserve as of April 30, 2016 was \$572,326.

Contacting the Park District Management

This financial report is designed to provide a general overview of the District's finances. If you have any questions about this report or require additional information, please contact Jim Pacanowski, Director, or Jamie Janusz, Superintendent of Finance at Burr Ridge Park District, 630-920-1969.

Burr Ridge Park District
Notes To The Financial Statements
For the Year Ended April 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Burr Ridge Park District (Park District) was incorporated under the laws of the State of Illinois in 1977 and is located in Burr Ridge, Illinois. The Park District operates under a Board-Manager form of government, providing recreation and other services to the residents of Burr Ridge, which include recreation programs, park management, capital development, and general administration.

A. Reporting Entity

The Park District follows the provisions of Governmental Accounting Standards Board Statement No. 39, "Determining Whether Certain Organizations Are Component Units – an amendment of GASB Statement 14". As defined by generally accepted accounting principles established by GASB, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate, tax-exempt entities and meet all of the following criteria:

1. The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents.
2. The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization.
3. The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government.

The Park District has concluded that no entities meet the criteria of Statement 39 for inclusion as a component unit. Likewise, the Park District is not required to be included as a component unit of any other entity. Governmental Accounting Standards Board Statement No. 61, "The Financial Reporting Entity", is an amendment of GASB Statements No. 14 and No. 39, which does not have impact on the current year financial statements.

B. GASB Pronouncements

As of May 1, 2012, the District has implemented GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position". The objective of this Statement is to improve financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effect on a government's net position.

As of May 1, 2012, the District has implemented GASB Statement No. 65 "Items Previously Reported as Assets and Liabilities". The objective of this statement is to establish accounting and financial reporting standards that reclassify as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities. The Statement also recognizes as outflows of resources or inflows of resources certain items that were previously reported as assets and liabilities.

Burr Ridge Park District
Notes To The Financial Statements (Continued)
For the Year Ended April 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Presentation

GOVERNMENT -WIDE FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business type activities are financed in whole or in part by fees charged to external parties for goods or services.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. The Park District does not allocate indirect expenses to functions in the Statement of Activities. Program revenues include charges to residents who purchase, use or directly benefit from goods, services, or privileges provided by a given function, and grants and contributions that are restricted to meeting the operational and capital requirements of a particular function. Taxes and other income items that are not specifically related to a function are reported as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Interfund receivables and payables are eliminated in the Statement of Net Position .

Amounts reported as program revenues include charges to residents who purchase, use or directly benefit from goods, services, or privileges provided by a given function, and grants and contributions that are restricted to meeting the operational and capital requirements of a particular function. Likewise, general revenues include all taxes.

Notes To The Financial Statements (Continued)
For the Year Ended April 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Presentation (Continued)

FUND FINANCIAL STATEMENTS

Fund financial statements of the reporting entity are organized into individual funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets and deferred outflows, liabilities and deferred inflows, fund equity, revenues, and expenditures/expenses. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions.

Funds are organized as major funds or non-major funds within the governmental, proprietary, and fiduciary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the entity or meets the following criteria:

- Total assets and deferred outflows, liabilities and deferred inflows, revenues or expenditures/expenses of that individual governmental or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type and
- Total assets and deferred outflows, liabilities and deferred inflows, revenues or expenditures/expenses of the individual governmental fund or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

Governmental Funds (Governmental Activities)

Governmental fund types are those through which most governmental functions of the Park District are financed. The Park District's expendable financial resources are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial position rather than upon net income determination. A brief explanation of the Park District's governmental funds follows:

General Fund

The General Fund is the general operating fund of the Park District. It is used to account for and report all financial resources not accounted for or reported in another fund.

Special Revenue Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed expenditure for specified purposes other than debt service or capital projects.

Funds included in this fund category are:

Recreation	Special Recreation
Audit	Woods Pool
Paving and Lighting	

Burr Ridge Park District
Notes To The Financial Statements (Continued)
For the Year Ended April 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Presentation (Continued)

FUND FINANCIAL STATEMENTS (CONTINUED)

Governmental Funds (Governmental Activities) (Continued)

Debt Service Fund

The Debt Service Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Capital Projects Fund

The Capital Projects Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets, excluding those types of capital related outflows financed by proprietary funds.

MAJOR FUNDS

The Park District reports the following major governmental funds:

- The General Fund, which accounts for the park district's primary operating activities.
- The Recreation Fund, which accounts for the operations of the recreation programs offered to residents. Financing is provided by a specific annual property tax levy to the extent user charges are not sufficient to provide such financing.
- The Debt Service Fund, which accounts for the accumulation of resources for the payment of long-term debt principal, interest and related costs.
- The Capital Projects Fund, which accounts for the acquisition and construction of major capital facilities.

The Park District reports the following non-major funds:

- Audit
- Paving and Lighting
- Special Recreation
- Woods Pool

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures (or expenses) and the related assets and liabilities are recognized in the accounts and reported in the financial statements. Basis of accounting also refers to the timing of the measurements made, regardless of the measurement focus applied. The government-wide Statement of Net Position and Statement of Activities were both prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than Generally Accepted Accounting Principles (GAAP). The fund financial statements were prepared on the cash basis of accounting. Under the cash basis of accounting, revenues are recognized when collected and expenditures are recognized when paid. Furthermore, only assets, deferred outflows, liabilities, deferred inflows and fund balances arising from cash transactions are recognized.

Burr Ridge Park District
Notes To The Financial Statements (Continued)
For the Year Ended April 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Basis of Accounting (Continued)

Accordingly, recognition of receivables, payables, and other accrued or deferred items is not applicable. The difference between the modified cash basis of accounting and the cash basis of accounting is that the former includes capital assets and debt commitments, which the latter does not.

Standards established by Generally Accepted Auditing Standards (GAAS) require GAAP for governmental units. Conformance with GAAP would require the financial statements to be prepared on the accrual or modified accrual basis of accounting. Accordingly, these financial statements are not intended to present the financial position and results of operations in conformity with GAAP.

E. Measurement Focus

On the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the flow of economic resources measurement focus, within the limitations of the modified cash basis of accounting, as defined below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus, as applied to the modified cash basis of accounting, is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

G. Budgetary Data

The Board of Commissioners followed these procedures in establishing the budgetary data reflected in the financial statements. Prior to August 1 the Director submits to the Board of Commissioners a proposed operating budget for the upcoming fiscal year commencing May 1. The operating budget includes proposed expenditures and the means for financing. The budgetary operations of the Park are governed by appropriation laws detailed in the Illinois Park District Code. Notice is given, and public meetings are conducted to obtain taxpayer comments. The Board may add to, subtract from, or change appropriations, but may not change the form of the budget. Prior to the end of the first quarter of each fiscal year, the budget is legally enacted through the passage of an annual combined budget and appropriation ordinance.

Burr Ridge Park District
Notes To The Financial Statements (Continued)
For the Year Ended April 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Budgetary Data (Continued)

Budgets for the General, Special Revenue, Debt Service and Capital Projects Funds are legally adopted on a basis consistent with the modified cash basis of accounting. Expenditures may not legally exceed appropriations at the fund level. Any expenditures in excess of the legally adopted appropriation must be approved by the Park District Board through a supplemental appropriation. No supplemental appropriations were required during fiscal year 2016.

After the first six months of any fiscal year, the Park District Board may, by a two-thirds vote, amend the initially approved appropriation ordinance. Unused appropriations lapse at the end of the fiscal year. Expenditures legally may not exceed the total of appropriations and beginning fund balance at the fund level.

Management can make transfers between individual expenditure categories of a fund (i.e., services, utilities, etc.) for up to 10% of the budgeted amount. However, Board of Commissioners approval is required in order for management to make transfers between different funds.

H. Budget Basis of Accounting

Budgetary information for individual funds is prepared on the same basis as the basic financial statements. The budget is prepared in accordance with the Illinois Park District Code and is derived from the combined annual budget and appropriation ordinance of the Park District. Working budgets are prepared for all governmental fund types. All budgets are prepared based on the annual fiscal year of the Park District. Budgetary funds are controlled by an integrated budgetary accounting system in accordance, where applicable, with various legal requirements which govern the Park District.

I. Cash and Cash Equivalents

The Park District considers all highly liquid investments, including investments in the Illinois Park District Liquid Asset plus Money Market Account, with an initial maturity date within three months of the date acquired by the Park District and investment pools to be cash equivalents.

J. Capital Assets

The accounting treatment over property, plant and equipment (capital assets) depends on whether the assets are reported in the government-wide or fund financial statements. The Park District has adopted a capitalization threshold of \$5,000.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

In the government-wide financial statements, fixed assets are accounted for as capital assets. All capital assets are valued at historical cost, or estimated historical cost if actual cost is unavailable. Donated capital assets are stated at their fair market value as of the date donated.

**Burr Ridge Park District
Notes To The Financial Statements (Continued)
For the Year Ended April 30, 2016**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Capital Assets (Continued)

GOVERNMENT-WIDE FINANCIAL STATEMENTS (CONTINUED)

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	25 to 35 Years
Improvements	10 to 20 Years
Machinery and Equipment	3 to 15 Years
Furniture and Fixtures	10 to 20 Years
Vehicles	5 to 10 Years

FUND FINANCIAL STATEMENTS

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlays in the fund from which the expenditure was made. Public domain (infrastructure) capital assets consisting of roads, curbs and gutters, sidewalks, drainage systems, and lighting systems are not capitalized in the fund financial statements.

K. Long-Term Liabilities

In the government-wide financial statements, debt principal payments of both governmental and business-type activities are reported as decreases in the balance of the liability on the Statement of Net Position. In the fund financial statements, however, debt principal payments of governmental funds are recognized as expenditures when paid.

L. Property Taxes

Property taxes attach as an enforceable lien on January 1. They are levied in December (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and issued on or about February 1 and August 1 of the following year. They are payable in two installments on or about June 1 and September 1 of the following year. The County collects such taxes and remits them periodically. Property tax revenues are recognized when they are received.

Burr Ridge Park District
Notes To The Financial Statements (Continued)
For the Year Ended April 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Equity Classifications

GOVERNMENT -WIDE FINANCIAL STATEMENTS

Equity is classified as net position and displayed in three components:

- Net Investment in capital assets – consists of capital assets, net of accumulated depreciation and related debt, if applicable.
- Restricted Amounts – consists of amounts with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or law through constitutional provisions or enabling legislation.
- Unrestricted Amounts – consists of all other amounts that do not meet the definition of restricted or invested in capital assets.

FUND FINANCIAL STATEMENTS

Governmental fund equity is classified as fund balance. The components of fund balance are:

- Non-spendable – consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.
- Restricted – consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either; a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.
- Committed – consists of resources constrained (issuance of an ordinance) to specific purposes by a government itself, using its highest level of decision-making authority, the Board of Commissioners ; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.
- Assigned – amounts that are constrained by the Board of Commissioners ' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by (a) the Board of Commissioners itself or (b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, which is authorized to assign amounts to a specific purpose.
- Unassigned – consists of the residual net resources of a fund that has not been restricted, committed, or assigned within the general fund and deficit fund balances of other governmental funds.

The Park District's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. If different levels of unrestricted funds are available for spending, the Park District considers committed funds to be expended first followed by assigned and, lastly, unassigned funds.

NOTE 2 - DEPOSITS

Cash, cash equivalents, and investments are held separately and in pools by several of the Park District's funds. The carrying amount is \$2,247,101 and the bank balance is \$2,436,250 at April 30, 2016. These amounts are inclusive of the Investment in Illinois Park District Liquid Asset Fund.

At April 30, 2016, investments consist of an investment in the Illinois Park District Liquid Asset Fund. This pooled investment with other park districts is similar in nature to a money market fund and consists primarily of certificates of deposit, U.S. Government securities, commercial paper, and corporate bonds. Because individual securities are not owned by the Park District, amounts invested in the Illinois Park District Liquid Asset plus Money Market Account are not categorized.

The fund is audited annually and the fund manager is registered with the NASD. The value of the District's position in the pool is equal to the value of its pool shares.

Policies for Investments

It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety (preservation of capital and protection of investment principal), liquidity and yield.

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral of all bank balances in excess of federal depository insurance with the collateral held by a third party in the District's name.

The District limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government.

Burr Ridge Park District
Notes To The Financial Statements (Continued)
For the Year Ended April 30, 2016

NOTE 2 – DEPOSITS (CONTINUED)

Policies for Investments (continued)

The District may, upon adoption of an ordinance, elect to invest in:

- Its own general obligation bonds.
- Its own tax anticipation warrants, bearing interest at a rate not to exceed 4% per annum.
- Bonds or other interest-bearing obligations of the United States or State of Illinois.
- Savings accounts or certificates of deposit of any state or national bank that are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC).
- Treasury notes and other securities issued by agencies of the United States.
- Bonds, notes, certificates of indebtedness, treasury bills, or other securities guaranteed by the full faith and credit of the United States.
- Certificates of deposit or time deposits constituting direct obligations of any bank, as defined in the Illinois Banking Act.
- Short-term obligations of corporations organized in the United States with assets exceeding \$500 million, if:
 1. such obligations are rated at the time of purchase within the highest standard rating services by at least two rating agencies' and which mature not later than 270 days from the date of purchase;
 2. no more than 25% of any fund is invested in such obligations at any time; and
 3. such purchases do not exceed 10% of the corporation's outstanding obligations.
- Shares or other securities of any state or federally chartered savings and loan association, the shares of investment certificates of which are insured by the Federal Savings and Loan Insurance Corporation.
- The Illinois Park District Liquid Asset Fund Plus Money Market Account.

NOTE 3 - CAPITAL ASSETS

A summary of the changes in capital assets for the year ended April 30, 2016 follows for the governmental activities. Total depreciation expense for the year charged for governmental activities was \$210,993.

NOTE 4 - DEBT COMMITMENTS (CONTINUED)

B. General Obligation Bonds

A limited park bond, Series 2012, provides for principal payments between \$40,000 and \$285,000, with the balance payable on May 1, 2031; interest is payable on May 1 and November 1 at rates ranging from 1.5% to 3.2%.

A limited park bond, Series 2006A, provides for principal payments between \$80,000 and \$275,000, with the balance payable on November 1, 2026; interest is payable on May 1 and November 1 at a rate of 4.0%.

A limited park bond dated December 1, 2002 provides for principal payments between \$35,000 and \$230,000, with the balance payable in October, 2015; interest is payable on April 1 and October 1 at rates ranging from 2.5% to 4.25%.

Debt service maturity on outstanding debt is as follows:

Fiscal Year	Principal	Interest	Total
2017	185,000	116,373	301,373
2018	190,000	110,748	300,748
2019	195,000	104,860	299,860
2020	205,000	98,354	303,354
2021	210,000	91,333	301,333
2022-2026	1,170,000	339,744	1,509,744
2027-2031	1,325,000	123,062	1,448,062
2032	130,000	2,080	132,080
	<u>\$ 3,610,000</u>	<u>\$ 986,554</u>	<u>\$ 4,596,554</u>

NOTE 5 – DEFINED CONTRIBUTION RETIREMENT PLAN

During July 2012, the Park District started participating by referendum vote in the Social Security System for those employees whose position requires them to work more than 20 hours per week annually. For all those employees who voted not to participate and all other employees who work less than 20 hours per week annually, the District mandates participation in a defined contribution retirement plan based on the Omnibus Budget Reconciliation Act of 1990. Prior to July 2012, in lieu of participating in the Social Security System, all employees participated in the defined contribution retirement plan. For part-time employees who are not in the Social Security System, the District contributes an amount equal to 1.3% of the employee's compensation and the employees are required to contribute 6.2%, for a total contribution of 7.5%. For full-time employees who are not in the Social Security System, the District pays the employees an amount equal to 18% of the employees' contribution, with a minimum 7.5% employee contribution to the plan. For full-time employees in the Social Security System, the District pays the employees an amount equal to 15% of the employees' compensation. Employees may additionally contribute up to a maximum contribution as dictated by Nationwide Retirement Solutions. All contributions are fully vested immediately.

**Burr Ridge Park District
Notes To The Financial Statements (Continued)
For the Year Ended April 30, 2016**

NOTE 5 – DEFINED CONTRIBUTION RETIREMENT PLAN (CONTINUED)

The District's total payroll for the period May 1, 2015 through April 30, 2016 was \$901,650. Of this amount, \$408,198 related to full-time employees and \$493,452 related to part-time employees. The combined contribution was \$40,821.

NOTE 6 - EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUND

At April 30, 2016, the following funds have actual expenditures over the budgeted amount:

<u>Fund</u>	<u>Budget</u>	<u>Actual</u>
Recreation	1,165,930	1,167,726
Capital Projects	145,447	160,244
Woods Pool	95,150	95,736

NOTE 7 – DEFICIT FUND BALANCE

As April 30, 2016, the following fund had a deficit fund balance:

<u>Fund</u>	<u>Deficit</u>
Woods Pool Fund	118,554

NOTE 8 - RISK MANAGEMENT

Park District Risk Management Agency

The Burr Ridge Park District is exposed to various risks related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and net income losses.

Since 1986, the Burr Ridge Park District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program. PDRMA is a public entity risk pool consisting of park districts, forest preserve districts, special recreation associations and certain non-profit organizations serving the needs of public entities formed in accordance with the terms of an intergovernmental cooperative agreement among its members.

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the Burr Ridge Park District.

As a member of PDRMA's Property/Casualty Program, the Park District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the Burr Ridge Park District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the Burr Ridge Park District's governing body. The Burr Ridge Park District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by PDRMA.

Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

Burr Ridge Park District
Notes To The Financial Statements (Continued)
For the Year Ended April 30, 2016

NOTE 8 - RISK MANAGEMENT (CONTINUED)

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's balance sheet at December 31, 2015 and the statement of revenues and expenses for the period ending December 31, 2015. The Burr Ridge Park District's portion of the overall equity of the pool is 0.146% or 59,557.

Assets	\$	63,181,823
Liabilities	\$	23,063,014
Member Balances	\$	40,708,211
Revenues	\$	18,585,098
Expenditures	\$	19,500,046

Since 95.90% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

NOTE 9 – ENTITIES OTHER THAN POOLS

On December 1, 1994, the Burr Ridge Park District became a member of the Park District Risk Management Agency (PDRMA) Health Program, a health benefits pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life, and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$250,000. Until January 1, 2001 the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

As a member of the PDRMA Health Program, the Burr Ridge Park District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and the PDRMA Health Program is governed by a contract and by-laws that have been adopted by resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

**Burr Ridge Park District
Notes To The Financial Statements (Continued)
For the Year Ended April 30, 2016**

NOTE 9 – ENTITIES OTHER THAN POOLS (CONTINUED)

The following represents a summary of PDRMA's balance sheet at December 31, 2015 and the statement of revenues and expenses for the period ending December 31, 2015.

Assets	\$	17,141,280
Liabilities	\$	5,510,343
Member Balances	\$	11,883,538
Revenues	\$	36,926,788
Expenditures	\$	34,071,062

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

NOTE 10 – SUBSEQUENT EVENTS

The date to which events occurring after April 30, 2016, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is September 8, 2016, the date the financial statements were available to be issued.
